Mutual Non-Disclosure Agreement

Document PVR-NDA-NW-2026-0818 | Effective 18 August 2026 | Northwind Industrial Supplies

This Mutual Non-Disclosure Agreement ("NDA") is effective 18 August 2026 between Procurement & Vendor Risk ("Customer") and Northwind Industrial Supplies ("Supplier"). Supplier is the legal name on the vendor register. Contact: contracts@northwind.example.com. Region and country on the register: EMEA / Brazil. Category: Category 01 Cloud, Direct Materials.

1. Purpose

The parties will exchange information so Customer can evaluate Supplier for a master services agreement covering direct materials. The evaluation includes commercial terms, quality evidence, insurance, and information-security responses. This NDA does not award work, set a volume, or require either party to proceed to contract.

2. Confidential information

Confidential information means non-public business, technical, pricing, security, and personal data that one party discloses to the other, in writing or orally, and that a reasonable person would treat as confidential. It includes the register scorecard, spend baseline of USD 28,525,521, and the on-time delivery rate of 73.4 percent when those figures are shared under this NDA.

3. Exclusions

Confidential information does not include information that the receiving party already knew without a duty of confidence, that becomes public other than by breach, that is independently developed without use of the disclosure, or that must be produced under law. Where the law compels disclosure, the receiving party gives prompt notice when the law allows it.

4. Duties

The receiving party uses confidential information only for the purpose, limits access to people who need it, and protects it with at least the care it uses for its own similar information. Copies stay marked. The duty survives for three years after disclosure, and for trade secrets for as long as they remain trade secrets.

5. Term and return

This NDA lasts three years from 18 August 2026. On written request, or when the purpose ends, the receiving party returns or destroys confidential information and confirms that in writing, except for one copy its legal or audit team must keep, which stays subject to this NDA.

6. No licence and no award

Disclosure does not transfer intellectual property or grant a licence beyond the purpose. Supplier status on the file is In Review. A composite score of 58 (Watch band) is an evaluation input. It is not a finding that Supplier has or has not been approved. The Master Services Agreement, if signed, is a separate document.

7. Notices

Notices under this NDA go to contracts@northwind.example.com and to the Procurement & Vendor Risk onboarding desk. This PDF is the portal copy of the NDA held on the supplier file.
